One month, measured.

Instagram @kjvision.zkj · 30 days · Tue 13 Oct – Wed 11 Nov 2026 · Asia/Dubai · Built 11 Oct 2026 from the brand audit + brand guideline v1.1 · Status: **Awaiting KJ approval**

Overview

One month of direction: why we post, what, where, when — and how we'll know it works.

PRIMARY GOAL · 13 OCT – 11 NOV 2026

Restart reach as KJ VISION: from 587 views a month to at least 8,000 — and turn it into the first print enquiries.

Awareness first (views from non-followers), with one measured conversion: print enquiries and Linktree taps. Baseline from the brand audit of 11 Oct 2026 (KJ's screenshots).

Views, account, 30 days (primary)	Median views per new reel	Link taps (Linktree)	Print enquiries & orders
≥ 8,000 · stretch 15,000	**≥ 600 for all new reels · ≥ 1,000 for Dubai in Motion**	**≥ 40 total · ≥ 15 on Shop prints + Ask about a print · ≥ 10 on ZKJ SYSTEM**	**≥ 3 WhatsApp enquiries from Instagram · ≥ 1 order**
baseline: 587 (Professional dashboard, 11 Oct; ~1 reel posted)	baseline: 304 (other reels, n=13) · Arabic-text reels 1,708 (n=6) · Dubai motion 1,133 (n=8)	baseline: No baseline — new Linktree from 12 Oct	baseline: Not known — [ask KJ: enquiries/orders last 30 days]

The month in one line

26	4 + 2	30	2
feed posts · 16 reels · 5 statements · 5 carousels	per week: 4 reels + 1 statement + 1 carousel (week 1: the 6 relaunch posts)	days of stories, 2–4 frames a day	hard-sell posts (31 Oct, 7 Nov) — under the 1-in-4 limit

Business goals this plan serves

1 · Grow KJ VISION as the artist / founder brand

Dubai in Motion, Mirror Architecture, Statements — 73 % of the feed.

2 · Sell prints via zkjverse.com

Prints & Editions posts, the countdown, Linktree "Shop prints" + "Ask about a print".

3 · Live case study for ZKJ SYSTEM

Behind the Engineer: audit 40/100 (24 Oct) → plan (6 Nov) → 30-day result (11 Nov).

4 · Later: kjvision.zkjverse.com

Not promoted this month (DNS not live on 11 Oct). When live: Shop highlight + Linktree swap.

MON 12 OCT · RE-SIGN DAY (BEFORE POST 1)

- [ ] Profile kit: name field "KJ VISION · Dubai Light", bio, Watching Eyes picture, highlights About · Dubai · Light · Art · Prints.
- [ ] Linktree → linktr.ee/kjvision. Links in order: Shop prints → zkjverse.com · Ask about a print → WhatsApp · ZKJ VERSE — the art → @zkjverse (instagram.com/zkjverse) · ZKJ SYSTEM → system.zkjverse.com · YouTube · Email KJ. Social-icon row: Instagram @kjvision.zkj.
- [ ] Pins: unpin sea + forest reels; pin Burj in fog (5,135), highway drive (3,613), high window (2,878).
- [ ] New real-frame covers on the two black-cover reels (1,280 and 2,301 views).
- [ ] Archive only the candidates KJ agrees to (audit list).
- [ ] Start the following cleanup: ≤ 50 a day from "Least interacted with".
- [ ] Save the reel text template and the grade preset (Voice tab) in the editing app.

WHAT WE NEED FROM KJ

1. Approve this month's plan (status: awaiting KJ approval) — or mark changes.
2. Start date: 13 Oct 2026 is a Tuesday (the brief said Monday). Plan runs Tue 13 Oct → Wed 11 Nov; Mon 12 Oct = profile re-sign day. OK?
3. Capacity: can you supply 4 reels a week (≈ one 2–3 h shoot a week)? If not, the plan falls back to the A-priority posts (3 a week).
4. Camera roll: which unposted clips exist (golden-hour SZR, night drives, facades, high window)? They replace new shoots in week 1.
5. Prints: which print to feature on 31 Oct and 7 Nov, with title, paper, size, edition size, numbering/signing — real values only.
6. Do you have a physical print to film (F3, 9 Nov)?
7. Linktree live as linktr.ee/kjvision with "Shop prints" (zkjverse.com) and "Ask about a print" (WhatsApp) before Tue 13 Oct.
8. Arabic lines: approve the on-screen lines (original lines — no song lyrics).

Account: Instagram @kjvision.zkj · display name KJ VISION · renamed from @zkj.verse. The art lives at @zkjverse (ZKJ VERSE · the art), formerly @unknown.presence.kj; ZKJ SYSTEM is @zkjsystem. Start date: the brief said "Mon 13 Oct"; 13 Oct 2026 is a Tuesday, so the plan runs Tue 13 Oct → Wed 11 Nov and Mon 12 Oct is the re-sign day.

Pillars & mix

Five pillars from the audit. Reels first: every tile above 2,300 views was a video; the best still reached 293.

Dubai in Motion — دبي في حركة

35% — 9 of 26 posts

KJ VISION · DUBAI IN MOTION

Reach. The format the audit proved: moving Dubai footage with one Arabic line and in-app music. Arabic-text reels median 1,708 views (n=6), Dubai motion median 1,133 (n=8).

Formats Reel 10–20 s, 9:16, Arabic gold line from frame 1, music from the in-app library

Example Golden hour on Sheikh Zayed Road from the passenger seat — على ...ساعة الذهب» شارع الشيخ زايد«

Goal 1 · grow KJ VISION

Mirror Architecture — عمارة المرايا

19% — 5 of 26 posts

KJ VISION · THE FLIPPED DIMENSION

Signature. A tower folded on its own axis — the same mirror logic as the Watching Eyes emblem. The mirrored facade was the best still on the grid (293 views).

Formats Reel loop 5–10 s (fold on the beat) · 3-slide carousel (mirrored · original · joint)

Example Mirror series 03 — Dubai Marina at night, folded at the exact centre line

Goal 1 + 2 · signature work that can become a print

Statements — العبارات

19% — 5 of 26 posts

KJ VISION · THE READING OF LIGHT

Identity and saves. The editorial tile from the guideline: Cormorant statement, one gold word, gold Arabic line. Gives the grid its rhythm (one per row).

Formats Single post 1080×1350 (editorial template) · story statement

Example “Every second has a structure.” / «لكلّ ثانيةٍ هندستها.»

Goal 1 · brand

Behind the Engineer — خلف المهندس

15% — 4 of 26 posts

KJ VISION · THE ENGINEER'S NOTES

Trust and proof. How KJ films and grades, and this account as the live ZKJ SYSTEM case study (audit 40/100 → the plan → the 30-day result).

Formats Carousel 5–6 slides · reel with screen recording or split-screen

Example “I scored my own account: 40/100” — what the audit found and what changed

Goal 3 · ZKJ SYSTEM proof

Prints & Editions

الطبعات والإصدارات

12%

3 of 26 posts

KJ VISION · PRINTS

Sales. Turn reach into print enquiries and orders on zkjverse.com (prints from $140). Max 1 in 4 posts is a hard sell — this month 2 hard sells in 26 posts.

Formats Carousel (image · detail · spec · how to order) · short reel of the print in hand

Example From screen to paper — [print title, ask KJ], from $140 at zkjverse.com

Goal 2 · sell prints (Goal 4 later)

Format mix (26 feed posts)

Reels 16 posts	62%
Statements (single post) 5 posts	19%
Carousels 5 posts	19%

Plus stories every day. Week 1 is the relaunch exception (3 reels + 3 stills).

Weekly cadence (weeks 2–4)

Statem 13:00	Reel · Mirror 20:30	Reel · Dubai 21:00	Reel · Dubai / Behind 21:00	Carouse · Behind / Prints 12:30	Stories only —	Reel · Dubai / Behind / Prints 20:30

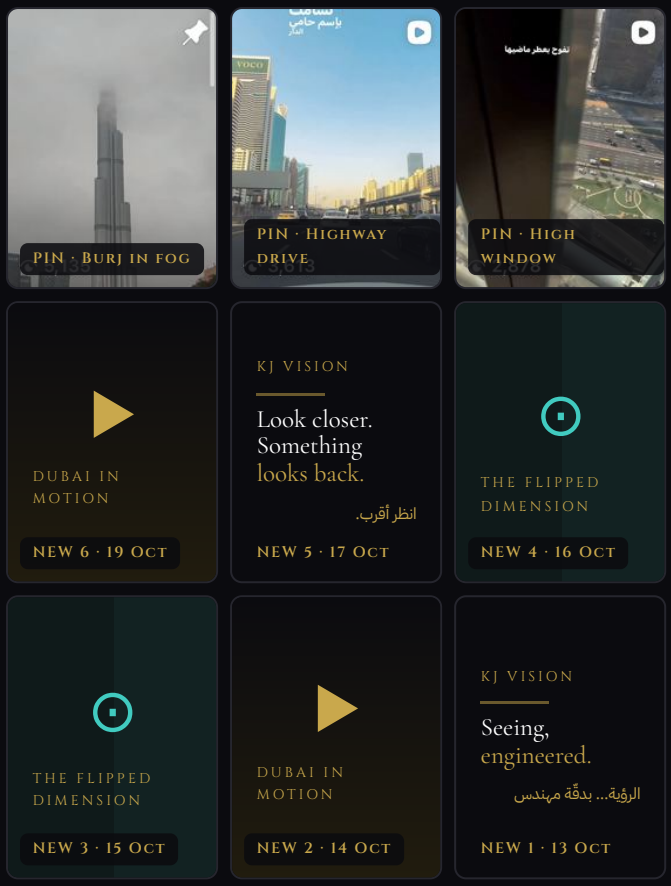

4 reels + 2 statement/carousel posts a week. Two stills never sit side by side in the grid. Fallback if KJ can't supply 4 reels: post only the A-priority items (3 a week, as the audit recommended).

Best posting windows — Dubai / GCC (Asia/Dubai, GMT+4)

What	Starting point	Note
Reels	20:30 (Mon/Wed) · 21:00 (Thu/Fri)	Test 22:00 on Thu 29 + Fri 30 Oct; keep the winner from week 4.
Statements / carousels	12:30–13:00 (Tue, Sat)	Lunch window; Saturday = UAE weekend browsing.
Stories	08:00 · 13:00 · 21:30	Share each new post within 10 min of publishing.
Sunday	Stories only	Rest day for the feed; Q&A and weekly recap.

Starting points from the platform specs for the UAE (12:30–14:30 · 20:00–23:30; Friday/Saturday evenings strong). They are tests, not facts: after 3 weeks, replace them with Insights → Audience → Most active times.

The grid after week 1 (newest top-left)

Row 1: three existing reels pinned (audit). Rows 2–3: the six relaunch posts. Every row has one motion reel, one statement and one mirror post.

Hook The statement itself; gold word "engineered". First post under the new name.

قيّمت حسابي بنفسي: ٤٠ من ١٠٠

Hook Slide 1: the number 40/100 in Cinzel, nothing else.

Before the relaunch I ran my own audit tool on this account. Score: 40/100. Posting had stopped, the grid used six text styles, and the link never reached my prints. The reels with an Arabic line did best.

KJ's decision: BOTH prints routes — the live Shopify store (prints from $140) and a WhatsApp enquiry. When kjvision.zkjverse.com resolves, add it as “Shop digital” and the Shop highlight. Suggest adding @kjvision.zkj to the

zkjverse.com footer.

Voice & visual rules

Precise · observant · quiet. First person, signed "— KJ". No exclamation marks, no hype.

SAY

light, frequency, structure, observe, measured, edition, hand-edited, the second, made by KJ

NEVER SAY

cheap, sale!!!, AI-generated (the work is hand-edited), wallpaper / poster, "game-changer", "revolutionary", invented numbers

Hook formulas (first 1–2 seconds)

Formula	English	العربية
Arabic line first Gold Arabic line on frame 1 over moving footage — the audit's winning pattern.	Golden hour, Sheikh Zayed Road.	ساعة الذهب... على شارع الشيخ زايد
The second it changes Promise a moment; deliver it inside 3 s.	Watch the tower at 0:02.	راقب البرج عند الثانية ٢
Place + time stamp Precise like an engineer's log.	Dubai, 21:40, Downtown.	دبي، ٩:٤٠ مساءً، داون تاون
Same thing, folded For every mirror post.	Same tower. Folded on its axis.	نفس البرج... مطويّ على محوره
Look closer From the tagline — for art and statements.	Look closer. Something looks back.	انظر أقرب. شيءٌ ما ينظر إليك.
Which is real? A question the viewer answers in comments.	Which side is the real building?	أي جهة هي البناية الحقيقية؟
Engineer's count Measured, small numbers — only true ones.	One road. One take. No speed ramp.	شارع واحد. لقطة وحدة. بدون تسريع.
Raw → graded Process reveal for Behind the Engineer.	Raw on the left. Finished on the right.	يسار الخام... ويمين النهائي

On-screen Arabic lines are KJ's own words — no song lyrics. Music only from the in-app library.

KPIs & measurement

Baselines are the audit's numbers (11 Oct 2026, KJ's screenshots). Where there is no baseline, the target is modest and week 1 sets the real one. No invented figures.

KPI	Baseline	30-day target	Why this target	Measured in
Views, account, 30 days (primary)	587 (Professional dashboard, 11 Oct; ~1 reel posted)	**≥ 8,000 · stretch 15,000**	Floor maths: 16 reels × 304 (other-reel median) ≈ 4,900 + 10 stills × ~100 ≈ 1,000 → ~6,000 even if nothing improves. If the new reels reach the Dubai-motion median (1,133) → ~18,000. 8,000 sits between.	Professional dashboard → Views · last 30 days, read on 11 Nov
Median views per new reel	304 (other reels, n=13) · Arabic-text reels 1,708 (n=6) · Dubai motion 1,133 (n=8)	**≥ 600 for all new reels · ≥ 1,000 for Dubai in Motion**	One text style, one grade, real covers and an Arabic line from frame 1 move new reels towards the pattern that already worked.	Insights → Content → Reels, views per reel
Link taps (Linktree)	No baseline — new Linktree from 12 Oct	**≥ 40 total · ≥ 15 on Shop prints + Ask about a print · ≥ 10 on ZKJ SYSTEM**	Modest: ~1–3 % of views become profile visits; a share of those tap the link. Week 1 sets the real baseline.	Linktree analytics (per link) + Insights → link taps
Print enquiries & orders	Not known — [ask KJ: enquiries/orders last 30 days]	**≥ 3 WhatsApp enquiries from Instagram · ≥ 1 order**	Two hard-sell posts, a countdown and the Prints highlight. Ask every buyer "where did you find me?".	WhatsApp chats tagged IG · Shopify orders + referrer
Followers (net) · following	1,358 followers · 1,716 following (ratio 0.79)	**≥ 1,420 followers · following < 600**	The cleanup (≤ 50 unfollows a day) can cost some follow-back accounts; net growth comes from reels reaching non-followers (pinned reels reached 3.3–4.0× followers).	Profile counts, read every Monday
Consistency	~1 post in 30 days	**26 / 26 feed posts · stories on ≥ 25 of 30 days**	The habit is the first result.	This calendar's status column

WEEKLY REVIEW · EVERY MONDAY, 15 MIN

1. Views (7 days) and the median of the week's reels — write them in the calendar.
2. Profile visits, link taps, Linktree clicks per button.
3. Saves on statements, shares on reels (no baseline yet — record them).
4. Print enquiries on WhatsApp, Shopify orders.
5. Following count (cleanup on track for < 600?).

TESTS THIS MONTH

1. **Late window:** Thu 29 + Fri 30 Oct at 22:00 vs 21:00 the week before.
2. **Arabic-first vs bilingual line:** story poll 20 Oct + compare reel medians.
3. **Mirror reel vs mirror carousel:** NEW 3 vs NEW 4.
4. **Question CTA vs Save CTA** on statements.

One change at a time; read results after 72 h.

MONTH-END · 11 NOV · THE ZKJ SYSTEM CASE STUDY

Pull the real numbers above, publish "30 days, measured" (11 Nov) and run insights-report. The before/after becomes the proof page for ZKJ SYSTEM. If a target was missed, say so — the case study is only useful if it is honest.

Competitor angles & community

From the audit's reference search. What to do differently and which open space to own — never copying anyone's campaign, look or wording.

OWN THE OPEN SPACE

Seen: No source found pairs Dubai architecture motion with an Arabic poetic line and an engineer's signature — KJ's three best traits together.

Do: Make every Dubai in Motion reel carry all three: real motion, one original Arabic line, "— KJ".

Audit · Competitors tab · checked 11 Oct 2026

SIGNATURE EDIT, NOT A BORROWED LOOK

Seen: Baber Afzal (CNN, 1 May 2023): surreal, heavily edited Dubai skylines got press.

Do: KJ's equivalent is the Mirror series — structure, not surrealism. Number the series; never imitate his style.

cnn.com/travel/article/photographer-dubai-baber-afzal-spc-intl · checked 11 Oct 2026

SAME TERRITORY, DIFFERENT AUTHOR

Seen: Nihad (@nihadalikhaan): Dubai architecture, skylines and changing light (search excerpt only).

Do: Differentiate on method and authorship: the engineer's notes, signed captions, prints.

instagram.com/p/Db8a_vyAA1C (excerpt) · checked 11 Oct 2026

ARCHITECTURAL FILM IS A CATEGORY

Seen: Shoayb Khattab: architectural videography across the Gulf.

Do: Call the reels what they are — short architectural films. Later: a commercial line (developers, hotels).

shoayb.net/architectural-film · checked 11 Oct 2026

EDITIONS SELL IN DUBAI

Seen: Abdullah Althawab sells numbered editions via Gulf Photo Plus, e.g. Dhs 495.

Do: Present prints as editions with real numbers only; Gulf Photo Plus is a possible future channel [KJ decides].

gulfphotoplus.com/pages/artist/abdullah-althawab · checked 11 Oct 2026

ARABIC-FIRST REACHES FAR

Seen: @arabic.pop.art: 399,000 followers (as stated in Arabian Humanities, April 2025).

Do: Lead with Arabic on reels; keep EN as the second line.
